2. It will be recalled that the SIG-I has met several times earlier this year as a consequence of a Congressional mandate to produce an Administration report on the capabilities, programs, and policies of the United States to protect against and counter intelligence activities by foreign powers directed against the US. An interim report was prepared by a SIG-I working group, coordinated by the SIG-I, and forwarded to Congress. Preparation of the final report has now been completed, A Report to the Congress on the Nation's Counterintelligence and Security Countermeasures Plans, Programs, and Capabilities (Attachment A). This report is the agenda item for discussion by the principals at the 18 September meeting.

3. Attachment B is a synopsis of the major issues treated in the report to facilitate your reading of it.

4. Attendance will be by principals or their designees, plus one. Please convey the name(s) of your attendee(s) to [redacted] by noon, 17 September 1986.
